SCHEDULE “A” – Zoning Key Maps

EXPLANATORY NOTE

ZONING BY-LAW NO. 32-2008 OF THE

CORPORATION OF THE TOWNSHIP OF ASHFIELD-COLBORNE-WAWANOSH

Preamble

The Zoning By-law was passed on June 3rd, 2008 under Section 34 of The Planning Act. It implements the Official Plan for the Township of Ashfield-Colborne-Wawanosh which was adopted by the Council of the Township of Ashfield-Colborne-Wawanosh on October 7, 2003.

The Zoning By-law comprises both text and zoning maps on which is delineated the various zones created in the By-law.

Purpose

The purpose of this By-law is to provide the Corporation of the Township of Ashfield-Colborne-Wawanosh with regulations which will affect control over all forms of land use or other related matters within the Township.

Basis

Such regulations have been deemed necessary and in the public interest by local Council in order that possible conflicts between existing and proposed land uses can be minimized or reduced in the future.

Affected Lands

The lands directly affected by this By-law can be described as consisting of all properties lying wholly or partly within the corporate limits of the Township of Ashfield-Colborne-Wawanosh.

Existing By-Laws

From the coming into force of this By-law, all previous by-laws of the Township, passed pursuant to Section 34 of The Planning Act, R.S.O. 1990, as amended or a predecessor thereof, shall be deemed to have been repealed.

Duration

It is the intention of the Council that this Zoning By-law will be effective until circumstances change to such a degree that a revision and updating of the By-law is required. Additional uses for specific lands may be permitted by means of a rezoning or amendment to the Zoning By-law. It is the intention of the Council to accept and review applications to amend the Zoning By-law in order to allow the establishment of uses which are permitted by the Ashfield-Colborne-Wawanosh Township Official Plan.

Effect

This Zoning By-law is designed to regulate by prohibition all new development except that specifically allowed in the By-law. This By-law will, however, give Township Council the legal authority to review the merits of any new use which is not specifically allowed by the By-law. If Council, after studying a proposal for a new use, is satisfied that the new use is in the best interests of the Township, the new use may be permitted provided that a separate By-law amending this By-law is passed which would permit the new use on the specified parcel of land subject to appropriate regulations.

**THE ZONING BY-LAW
OF THE CORPORATION
OF THE TOWNSHIP OF ASHFIELD-COLBORNE-WAWANOSH**

BY-LAW NO. 32-2008

BEING A BY-LAW, UNDER THE PROVISIONS OF SECTION 34 OF THE PLANNING ACT, R.S.O., 1990, AS AMENDED TO REGULATE THE USE OF LANDS AND THE CHARACTER, LOCATION AND USE OF BUILDINGS AND STRUCTURES AND TO PROHIBIT CERTAIN BUILDINGS AND STRUCTURES IN VARIOUS DEFINED AREAS OF THE CORPORATION OF THE TOWNSHIP OF ASHFIELD-COLBORNE-WAWANOSH.

WHEREAS the Council of the Corporation of the Township of Ashfield-Colborne-Wawanosh considers it advisable to regulate the use of land situated within the defined areas, as hereinafter designated, for the purpose of preventing any further development which would create an adverse effect on the Corporation, and to prevent the use of lands that would jeopardize future orderly development and expansion, and to protect the natural environment.

NOW THEREFORE the Council of the Corporation of the Township of Ashfield-Colborne-Wawanosh ENACTS as follows:

SECTION 1

TITLE AND SCOPE

1.1 TITLE

This By-law shall be known as the Zoning By-law of the Corporation of the Township of Ashfield-Colborne-Wawanosh.

1.2 APPLICATION

The provisions of this By-law shall apply to all lands over which the Corporation of the Township of Ashfield-Colborne-Wawanosh has jurisdiction.

1.3 ADMINISTRATION AND ENFORCEMENT

This By-law shall be administered and may be enforced by a By-law Enforcement Officer appointed by Council.

1.4 VIOLATION AND PENALTY

Every person who uses or alters the use of any land or lot or alters or erects or uses any building or structure in a manner contrary to any requirements of this By-law, or who causes or permits such use or erection or alteration, or who violates any provisions of this By-law or causes or permits a violation, is guilty of an offence and upon conviction thereof shall be liable to a fine as set out in Section 67 of The Planning Act, R.S.O. 1990, as amended for each offence, and each day of the occurrence of the offence shall be deemed to be a separate occurrence. Every such penalty shall be recoverable under The Provincial Offences Act, as amended from time to time.

1.5 REMEDIES

Where any building or structure is, or is proposed to be erected, altered, reconstructed, extended or enlarged, or any building or structure or part thereof is or is proposed to be used, or any land is or is proposed to be used, in contravention of the provisions of this By-law, the same may be restrained by action at the instance of any ratepayer or of the Township pursuant to the provisions of The Planning Act, The Municipal Act, or The Judicature Act, as amended from time to time.

1.6 LITIGATION

This By-law shall not affect the rights of any party or any land concerned in any action, litigation or other proceeding pending on the date of the final passage thereof, except to the extent to be determined in the final adjudication of such action, litigation or other proceedings.

1.7 SCOPE

No building, structure or land shall be used, and no building or structure shall be hereafter erected, structurally altered or enlarged or demolished within the limits of the Township except in conformity with the provisions of this By-law. Nothing in this section shall prevent the repair of a building.

1.8 MEANING OF USE

Unless the context otherwise requires, the expression “use” or “to use” in this By-law shall include anything done or permitted by the owner or occupant of any land, building or structure, directly or indirectly or by or through any trustee, tenant, servant, or agent, acting with the knowledge or consent of such owner or occupant, for the purpose of making use of the said land, building or structure.

1.9 IDEM

Unless the contrary intention appears in this By-law, words importing the singular number or the masculine gender only shall include more persons, parties or things of the same kind than one and females as well as males, and the converse. For the purpose of this By-law, words used in the present tense include the future.

1.10 SHALL TO BE MANDATORY

The word “shall” shall always be construed as mandatory in this By-law.

1.11 SEVERABILITY

If any provision of this By-law, including any part of the zoning as shown on the zoning maps, is for any reason held to be invalid, it is hereby declared to be the intention, that all the remaining provisions shall remain in full force and effect until repealed, notwithstanding that one or more provisions shall have been declared to be invalid.

1.12 LICENCES AND PERMITS

No municipal permit, certificate, or licence shall be issued for a use of land that does not conform to this By-law.

1.13 BUILDINGS TO BE MOVED

No building over 10 square metres shall be moved within the Township or into the Township without a building permit.

1.14 BUILDING INSPECTION

The By-law Enforcement Officer, Chief Building Official, or any employee of the Township acting under the direction of the By-law Enforcement Officer or any peace officer having jurisdiction in the Township is hereby authorized to enter with prior notification between the hours of 8:00 o'clock a.m. and 6:00 o'clock p.m. on any day but Sunday upon any property or premises or structure for the purpose of discharging his duties and obligations under this By-law or if there is reason to believe that the provisions of the By-law are not being complied with in whole or in part.

1.15 REPEALS

From the coming into force of this By-law all previous By-laws passed by the Township, under Section 34 of The Planning Act, R.S.O. 1990, as amended or a predecessor thereof, shall be deemed to have been repealed.

1.17 ZONING MAP

The zones set out in Section 1.17. and the boundaries of such zones are shown upon the maps attached hereto, marked Schedules designated as the Zoning Maps which zones, boundaries and maps form part of this By-law.

1.18 BOUNDARIES OF ZONES

Where uncertainty exists with respect to the boundaries of the various zones as shown on the Zoning Maps, the following rules shall apply:

1.18.1 CENTRELINE LIMITS

Where any zone boundary is shown as approximately the centre line of a street, lane, watercourse or any other right-of-way, such zone boundary shall be construed to follow the centre line of the street, lane, watercourse or other right-of-way or the production thereof.

1.18.2 LOT LINES

Where the zone boundaries are not shown to be roads or lanes, and where indicated boundaries on the zoning maps are approximately lot lines, the said lot lines shall be construed to be the zone boundaries unless the said boundaries are otherwise indicated on the maps.

1.18.3 SCHEDULE LIMITS

The limit of any map comprising any schedule forming part of this By-law as shown on the Key Map of such schedule shall be deemed to be the boundary of the zone adjoining such limit.

1.18.4 SYMBOL OF ZONES

- a) Where one symbol is used on the Zoning Maps to indicate the zone classification of an area divided by a road or lane, the said symbol shall establish the classification of the whole of such area.
- b) Where both zone shading and alpha-numeric zone symbols (e.g. NE1-1) are used to indicate the zone classification of an area the alpha-numeric zone symbol shall be deemed to be the applicable zone, except NE1, NE5 and AG1-h zone shading within an AG1 Zone is deemed to be the applicable zone.

1.18.5 CLOSED ROAD OR LANE

In the event a dedicated road, lane or railway, shown on the maps is closed, the property formerly in said road, lane or railway shall be included within the zone of the adjoining property on either side of the said closed road, lane or railway. In the event the said road, lane or railway was a zone boundary between two or more different zones, the new zone boundary shall be the former centreline of the said closed road, lane or railway.

1.18.6 BOUNDARIES OTHER THAN ROADS OR LOT LINES

Where a zone boundary is not a road or lane, nor a lot line, and a specific measurement indicating the position of the said boundary is not shown on the zone map, or indicated in the text of the By-law, the position of the zone line shall be determined by the scale of the zone map in the municipal offices of the Township of Ashfield-Colborne-Wawanosh and a site inspection.

1.18.7 ZONE ABUTS NATURAL WATERCOURSE

Where any zone on the Schedules abuts a natural watercourse, such zone shall be deemed to apply to the natural watercourse and any islands within the watercourse.

SECTION 2

LOT COVERAGE - shall mean the percentage of the lot area, covered by all buildings above ground level, and shall not include that portion of such lot area which is occupied by a building or portion thereof which is completely below ground level, and for the purpose of this definition the lot coverage in each zone shall be deemed to apply only to that portion of such lot which is located within said zone.

LOT DEPTH – shall mean the horizontal distance between the front and rear lot lines. Where these lines are not parallel, it shall be the length of a line joining the mid-points of the front and rear lot lines. For lots with curved front lot lines, the measurement shall be taken from a line drawn parallel to the chord of the arc of the curve constituting the front lot line, lying midway between said chord and a line drawn parallel to said cord and tangent to said arc. When there is no rear lot line, "lot depth" means the length of a straight line joining the middle of the front lot line with the apex of the triangle formed by the side lot lines.

LOT FRONTAGE – shall mean the horizontal distance between the side lot lines measured at right angles. Where the front lot line is not a straight line, or where the side lot lines are not parallel, the lot frontage shall be measured by a line set at a maximum of 7.5 metres back from and parallel to the chord of the lot frontage or a line parallel to the said chord and tangent to the arc. (For the purposes of this By-law the chord of the lot frontage is a straight line joining the two points where the side lot lines intersect the front lot lines.)

LOT LINE – shall mean any boundary of a lot or a vertical projection thereof. (See Appendix 4)

- 1) **FRONT LOT LINE** – shall mean the lot line that abuts the street except that, in the case of a corner lot, the shorter lot line that abuts the street shall be deemed the front lot line and the longer lot line that abuts the street or unopened road allowance shall be deemed the exterior side lot line. In addition:
- a) **FRONT LOT LINE, CORNER LOT** - in the case of a corner lot with two street lines of equal lengths, the lot line that abuts the wider street or abuts a Provincial Highway shall be deemed to be the front lot line, and in the case of both streets being under the same jurisdiction, or of the same width, the Township may designate either street line as the front lot line. In the case of a corner lot abutting a .3 metre reserve, the lot boundary so abutting the .3 metre reserve shall be deemed an exterior side lot line and the other line abutting the street shall be deemed the front lot line;
 - b) **FRONT LOT LINE, THROUGH LOT** - in the case of a through lot the longer boundary dividing the lot from the street shall be deemed to be the front line and the opposite shorter boundary shall be deemed to be the rear lot line. In case each of such lot lines should be of equal length, the Township may designate either street line as the front lot line.

- 2) **REAR LOT LINE** – shall mean the longest lot line opposite to the front lot line.
- 3) **SIDE LOT LINE** – shall mean a lot line other than a front or rear lot line.
- 4) **EXTERIOR SIDE LOT LINE** – shall mean any lot line other than a front lot line or rear lot line abutting a public street/road/lane.
- 5) **INTERIOR SIDE LOT LINE** – shall mean a side lot line other than an exterior side lot line.

SECTION 3

GENERAL PROVISIONS

3.1 APPLICATION

The provisions of this section shall apply to all zones except as otherwise indicated in the applicable zone provisions.

3.2 APPLICATION OF OTHER BY-LAWS, REGULATIONS, LEGISLATION

Nothing in this By-law shall operate to relieve any person from the obligation to comply with the requirements of the Ontario Building Code Act, as amended from time to time, Conservation Authority regulations, or any other By-law of the Township in force from time to time or the obligation to obtain any other license, permit, authority or approval lawfully required by a governmental authority having jurisdiction to make such restrictions.

3.3 ACCESSIBILITY

All new buildings, with the exception of residences, should have regard to accessibility. Accessibility issues will be considered in accordance with the Ontarians with Disabilities Act and or municipal legislation regarding accessibility.

3.4 ACCESSORY USES

3.4.1 Use of Accessory Buildings

Where this By-law provides that a lot may be used or a building or structure may be erected, altered or used for a purpose, that purpose shall include any accessory building or structure or accessory use, but shall not include:

- a) Any occupation for gain or profit except as may be permitted by this By-law
- b) Any building used for human habitation except where a dwelling or guest cabin is a permitted accessory use

3.4.2 Location

- a) Except as otherwise provided herein, any accessory building or structure or swimming pool which is not an integral part of the main building shall only be erected in the rear yard and/or in the interior side yard.
- b) In a VR1, LR1 or LR2 zone, a detached private garage, swimming pool or other accessory building or structure shall be erected and used in the rear yard and/or in the interior side yard only, provided that such accessory building or uses shall be no closer than 1.25 metres to a lot line. In all other zones, no accessory building or structure shall be erected closer than 1 metre to a rear or interior lot line. Semi-detached garages or carports may be centred on a mutual side lot line.
- c) Accessory buildings shall not be structurally attached to the main building in any way.
- d) Sections 3.4.2 a) and 3.4.2 b) do not apply in the Agriculture and Natural Environment zones.
- e) Buildings or structures solely devoted to and forming an integral part of a septic system that are less than 10 square metres in size are permitted in any yard.

3.4.3 Height of Accessory Buildings in Settlement Areas

The maximum height for all accessory buildings in Settlement Areas shall be as follows:

- a) All residential zones, VR1, LR1, LR2, LR3: 4.5 metres.
- b) All commercial, open space & community facility zones, VC1, CF, OS: 8 metres
- c) All other zones: 10 metres; but in no case shall an accessory building contain more than 2 storeys
- d) When an accessory building in a zone other than the VR1, LR1 or LR2 zone is located in a yard which abuts a residential zone, the building height shall not exceed 6 metres.

3.4.4 Lot Coverage of Accessory Buildings

In the LR1, LR2, LR3 and VR1 zones, the total lot coverage of all accessory buildings shall not exceed the lesser of 6% coverage of the total lot area or the lot coverage of the main building.

In all other zones, shall not exceed 10% coverage of the total lot area.

In all zones, the area of unenclosed decks, which are not more than 2 metres above grade, shall not be included in the calculation of lot coverage. The area of an unenclosed swimming pool and solar energy collectors shall not be included in the calculation of lot coverage.

3.4.5 Establishment of an Accessory Building or Use

In all zones except AG1 no accessory building or accessory use shall be established on any site or lot until and unless the main building or use to which it is accessory is established.

3.4.6 Accessory Building Setbacks from Natural Watercourses

Notwithstanding the provisions of Section 3.31 to the contrary, a detached accessory building may be erected closer to the top-of-bank than the required setback, provided that such accessory building is no closer to the top-of-bank than the main building and provided that the accessory building complies with all other applicable requirements of this by-law.

3.5 ADDITIONAL MAXIMUM HEIGHT RESTRICTIONS

There are two specially defined areas shown on Appendix 7 in which additional maximum height regulations are in force. These additional maximum height regulations are in addition to the height regulations of the specific zone and apply to all buildings and structures, notwithstanding the provisions of Section 3.17 to the contrary

3.5.1 In Defined Area 1 (D.A. 1), as shown on Appendix 7, no building or structure may be higher than a height calculated based on the ratio of 1:7 from the side perimeter of an AL1 Zone, or the height restriction of the zone in which the land lies, whichever is the lesser. (That is, for every 7 metres calculated a right angle to the side plane of the AL1 Zone, building or structure height may be increased by 1 metre, until the prescribed maximum height restriction for the zone is reached.)

3.5.2 In Defined Area 2 (D.A. 2), as shown on Appendix 7, no building or structure may be higher than a height calculated based on the ratio of 1:50 from the take-off threshold, or the height restriction of the zone in which the land lies, whichever is the lesser. (That is, for every 50 metres calculated at a right angle to the end

horizontal plane of the take-off threshold, building height may be increased by 1 metre, until the prescribed maximum height restriction for the zone is reached).

3.5.3 Additional Use Restrictions

Notwithstanding any other provision of this by-law, no bird sanctuary is permitted in Defined Area 1 (D.A. 1) or Defined Area 2 (D.A. 2).

3.6 BED & BREAKFAST SPECIAL PROVISIONS

3.6.1 Servicing

Huron County Health Unit certificate approvals will be required prior to the establishment of a bed and breakfast on a septic system.

3.6.2 With An Accessory Tearoom Or Dining Room

A tearoom or dining room in conjunction with an approved Bed and Breakfast shall be allowed in any zone permitting a B&B, provided:

- a) No commercial fat fryers or commercial exhaust fans will be allowed. Only appliances and fixtures normally used in a residence will be allowed.
- b) A maximum of 30% of the floor area of the house may be used for seating area for the tearoom or dining room.
- c) The hours of operation shall be between the hours of 7:00 a.m. and 10:00 p.m.
- d) The required parking for a tearoom or dining room shall be the same as for an 'Eating Establishment, Restaurant' in the Parking Area Regulations, General Provisions. This parking will be required in addition to the parking required for the dwelling and the bed and breakfast.
All parking for the tearoom or dining room shall be totally located on the property and shall not be located in the front yard or exterior side yard. All other provisions of the parking regulation shall be complied with.
- e) No sign except a small sign to recognize the business shall be allowed. Any sign for a bed and breakfast and a tearoom or dining room shall be approved by the Township prior to installation. No exterior signs with interior lighting shall be allowed.
- f) Huron County Health Unit approvals are obtained prior to starting the business.

3.7 "CARL" CONSERVATION AUTHORITY REGULATED LANDS & ADJACENT LANDS

No development is permitted in Conservation Authority Regulated Lands or adjacent lands, which are defined as lands within 120 metres of a Provincially Significant wetland or within 50 metres of all other significant natural features until it has been determined that the proposed development does not result in negative impacts on the natural environment features or functions of the significant natural environment feature. In areas zoned AG1 adjacent lands will be 15 metres from all significant natural features, except for Provincially Significant wetlands, which require 120 metres. No adjacent land is applied around woodlots smaller than 4 hectares that are otherwise not deemed to be a significant natural feature. An Environmental Impact Study, (EIS) may be required to determine if development shall be permitted. In lake-bank or valley properties the provisions of Section 3.16 shall also apply.

3.8 CORNER LOTS

On a corner lot, side yard requirements may be substituted for rear yard requirements.

3.9 DETERMINATION OF NATURAL ENVIRONMENT ZONE BOUNDARIES

Where a natural environment zone boundary in this by-law is to be determined, the person authorized by Council to enforce this by-law shall determine such zone boundary by reference to the zone limits as shown on this by-law and by a site inspection of the subject property.

3.10 ENCROACHMENT EXCEPTION

Where a building or structure is legally established and believed to be in compliance with the Zoning By-law but is subsequently shown, by an Ontario Land Surveyor's legal survey, not to comply with the provisions of the Zoning By-law, an encroachment of 0.25 metres is permitted into any yard.

3.11 ENCROACHMENTS IN YARDS, PERMITTED

Every part of any yard required by this By-law shall be open and unobstructed by any structure from the ground to the sky provided however, that fences, planting strips and hedges in accordance with the provisions of Subsection 3.27 of this By-law shall be permitted and that those structures listed in the following table shall be permitted to project into the minimum yards indicated for the distances specified below:

Structure	Yards in Which Projection is Permitted	Maximum Projection Into Minimum Required Yard
Sills, belt courses, cornices, eaves, gutters, chimneys, pilasters	All Yards	0.75 metres provided that no part of the structure extends closer than 0.75 metres to any lot line.
Fire Escapes & Exterior Staircases	Rear Yard or Side Yard	1.5 metres provided that no part of the structure extends closer than 1.5 metres to any lot line.
Window bays	Front, rear & exterior side only	1 metre over a width of 3 metres provided that no part of the structure extends closer than 1.5 metres to any lot line.
Balconies	Front, rear & exterior side yards for residential uses	1.5 metres provided that no part of the structure extends closer than 1.5 metres to any lot line.
Open or Roofed Porches, Decks not exceeding one storey in height	Front, rear & exterior side only	1.5 metres including eaves and steps provided that no porch deck or patio extends closer than 1.5 metres to any lot line.
Retaining walls, or similar accessory structures	All Yards	No maximum or minimum requirements.

3.12 ESTABLISHED FRONT YARD

Where this By-law requires a front yard of greater than 6 metres, and where on the day of passing of this By-law, more than one-half of the frontage on any side of any on block is built upon, there shall be established a minimum required front yard as being the average of the front yards of all existing buildings in that block, provided, however, that in no case shall the established front yard be less than 6 metres.

3.13 EXTERIOR LIGHTING

The type, location, height, intensity and direction of lighting shall be designed to ensure that lighting is confined to the building face and vicinity of the site and does not cast glare on to adjacent residential properties adversely affecting the living environment or on to an adjacent public street which would pose a vehicular safety hazard. Moreover, energy conservation measures should be considered to ensure the site is not illuminated more than necessary.

3.14 EXTERNAL BUILDING MATERIALS

The following building materials shall not be used for the exterior vertical finished facing on any wall of any building or structure within the Township:

- tar paper or building paper
- asphalt roll type siding or insul brick
- plain concrete or plain cinder block in Residential areas
- galvanized steel in VR1, VC1, LR1 and LR2 zones.

3.15 GARDEN SUITES

Garden Suites, also known as granny flats, are permitted in the Township of Ashfield-Colborne-Wawanosh in accordance with the provisions of the Planning Act, Section 39.1.

As a condition to passing a by-law authorizing the temporary use of a garden suite under the Planning Act, the Municipal Council may require the owner of the suite or any other person to enter into an agreement with the Township dealing with such matters related to the temporary use of the garden suite as the council considers necessary or advisable, including:

- The installation, maintenance and removal of the garden suite;
- The period of occupancy of the garden suite by any of the persons named in the agreement; and
- The monetary or other form of security that the council may require for actual or potential cost to the Township related to the garden suite.

3.16 HAZARD LAND REQUIREMENTS

In addition to the zone provisions of the applicable zones, this By-law shall regulate development on and adjacent to Hazard lands. Hazard lands include those lands that are susceptible to flooding or erosion, have steep slopes or soil instability or other environmental or human made hazard.

No development shall be permitted on hazard lands or adjacent to hazard lands until required studies have been completed to the satisfaction of, and approved by, the Township of Ashfield-Colborne-Wawanosh and the Maitland Valley Conservation Authority. All hazard lands are subject to this general provision. Development on vacant Lakeshore Residential (LR1 and LR2) lots within the 100 year erosion hazard area along the shore of Lake Huron and within the gully erosion hazard will be controlled with a holding zone (-h). The holding symbol may be lifted when necessary studies are completed and approved in accordance with the requirements of this regulated area under the Conservation Authority jurisdiction.

3.17 HEIGHT LIMITATIONS, EXCEPTIONS

3.17.1

The height limitations of this By-law shall not apply to church spires, belfry, clock towers, water towers, elevator enclosures, flag poles, television or radio towers or antennae, cell towers, solar collectors, electric power facilities, ventilators, skylights, chimneys, air conditioner ducts, silos or grain elevators.

3.17.2

The height limitation provisions of zones in Agricultural areas shall not apply to small scale wind energy facilities permitted in those zones.

3.18 LOT ENLARGEMENT, MINOR

Where lands are severed and merged on title with abutting lands, the zoning on the abutting lands property shall apply to the lands to be merged on title. This provision applies only where a severance is granted for the purpose of a minor lot enlargement.

3.19 LOT AREA, AGRICULTURAL SEVERANCE

Where a new agricultural lot is created by severance and conforms with the Official Plan and has a minimum lot area between 18 and 38 hectares, the said lot is deemed to comply with the minimum lot area provisions of the By-law, Section 4. This provision pertains to both the severed and retained lot area.

3.20 LOTS, THROUGH

Where a lot, which is not a corner lot, has frontage on two streets, the front yard setback requirements shall apply on each street in accordance with the provisions of the zone or zones in which such lot is located. This setback provision does not apply to a through lot between a street and a lane.

3.21 LOTS TO FRONT ON A PUBLIC ROAD

3.21.1

Unless otherwise specified by this by-law, no lots shall be created, no person shall erect a building or structure on a lot and no person shall use any land, building, or structure on a lot unless, in each case:

- a) the lot to be created or used abuts or fronts on a public road;
- b) such public road is of satisfactory construction and maintenance as to permit the reasonable and safe passage of motor vehicles; and
- c) an assumed public road is required in Village/Hamlet areas.
- d) Existing Lots in the VR1 zone without frontage on a public road will be controlled with a holding zone (-h). The holding zone may be lifted subject to a development agreement with the Township to construct a public road.

3.21.2

Notwithstanding the provisions of Section 3.21.1 above:

- a) lots may be created on a registered Plan of Subdivision, and buildings and structures erected thereon where compliance with the requirements of sub-Section 3.21.1(b) are provided for by an agreement with the Township entered into in connection with the registration of such Plan of Subdivision pursuant to the Planning Act of Ontario; and
- b) lots may be created, and buildings and structures erected thereon, on a Vacant Land Condominium Plan or on a Common Element Condominium Plan: and

- c) building or structure may be erected upon an existing lot shown on a reference plan which was registered in the Registry Office during or before 1970, provided that the road is of satisfactory construction and maintenance to permit the reasonable and safe passage of motor vehicles.
- d) notwithstanding the provisions of 3.21.1 a), a building or structure may be erected on an existing lot in a Lakeshore Residential zone (LR1, LR2, NE1-1 or NE1-2) provided that the road is of satisfactory construction and maintenance to permit the reasonable and safe passage of motor vehicles.

3.21.3

Notwithstanding any other provisions of this by-law, for the purpose of this by-law, no plan shall be considered to be a Plan of Subdivision unless:

- a) access to the lands within the plan is provided by a public road satisfying the requirements of sub-section 3.21.1(b); and
- b) any road to be dedicated as a public road on such plan abuts and connects, subject only to reserves in the ownership of the Township, to an existing public road satisfying the terms of sub-section 3.21.1.(b).

3.21.4

Notwithstanding any other term of this by-law, no plan shall be considered to be a Plan of Condominium unless:

- a) access to the plan is provided by a public road satisfying the requirements of sub-section 3.21.1(b); or
- b) the lands within the condominium plan have legally enforceable access to a public road meeting the requirements of sub-section 3.21.1(b) through lands entirely within one or more other condominium plans.

3.22 MAIN BUILDINGS / MAIN USES PER LOT

No person shall erect more than 1 main building on a lot or establish more than 1 main use on a lot except permitted buildings and uses in a General Agriculture Zone, Agricultural Commercial Industrial, Industrial, Community Facility, or Open Space Zone.

3.23 NON-COMPLYING BUILDINGS AND STRUCTURES

3.23.1 Where a building or structure was legally established and is permitted by the provisions of the zone in which such building or structure is located but does not meet the zone provisions with respect to yards, lot area, frontage, parking, setback or any other provisions of this By-law applicable to that zone, the said building or structure shall be deemed to comply with the By-law and may be enlarged, extended, repaired, renovated or reconstructed in the same location or a new location provided that:

- a) The enlargement, extension, reconstruction, repair, renovation, or new location does not further reduce the compliance of that building or structure, with the provision(s) of the By-law to which it does not comply; and
- b) All other applicable provisions of this By-law are complied with; and
- c) Any enlargement or extension of an existing or reconstructed building complies with the required minimum yard setbacks and does not change the use of such building or structure.

3.23.2 Effective Date for Existing Buildings

For the purpose of Section 3.23, a non-complying building or structure which existed on January 1, 2001 shall be considered legally established.

3.23.3 Continuation of Legal Non-Complying Status

- a) In the case of a rezoning or severance these provisions shall continue to apply such that the said building or structure shall be deemed to comply with any applicable zoning provisions, except parking requirements, resulting from such rezoning or severance.
- b) Notwithstanding any other regulations of this By-law, where a use, building or structure was legally established on a lot, and such lot was subsequently altered as a result of a project of a public authority (such as a road construction project) or by expropriation of municipal, provincial or federal acquisition thereby causing the use, building or structure to contravene any regulations of the By-law, the said use, building or structure shall be deemed to comply with the By-law and may be enlarged, extended, reconstructed, repaired or renovated provided that any regulations which are currently not met, are not further contravened and that all regulations which are complied with, are not contravened by any works undertaken.

3.23.4 Time Limit

Where a non-complying building is removed or destroyed, such building may only be reconstructed within 24 months from the date of removal or destruction. After this period of time, the building may only be reconstructed in compliance with the provisions of the By-law.

3.23.5 MDS I and Catastrophes

Notwithstanding any other provisions of this By-law to the contrary, where a dwelling or commercial facility is destroyed in whole or in part, by a catastrophe, MDS I will not be applied when the structure is rebuilt provided that it is built no closer to livestock facilities than before the catastrophe.

3.23.6 MDS II and Catastrophes

Notwithstanding any other provisions of this By-law to the contrary, where a livestock facility is destroyed in whole or in part, by a catastrophe, MDS II will not be applied when the livestock facility is rebuilt, provided it is built no closer to surrounding land uses and lot lines than before the catastrophe, and the values of Factor A, B and/or D have not been increased for the livestock facility.

3.24 NON-CONFORMING USES

3.24.1 The provisions of this By-law shall not apply to prevent the use of any lot, building or structure for any purpose prohibited by this By-law if such lot, building or structure was lawfully established and used for such purpose on the date of passing of this By-law, and provided that it continues to be used for that purpose.

3.24.2 Where a building or structure which was erected prior to the day of the passing of this By-law is used for a purpose not permitted in the use zone in which it is situated, the said building or structure may be renovated or repaired or reconstructed provided:

- a) If a building or structure used for a non-conforming use is purposefully removed the subject lot can only be used for a purpose permitted by the By-law.
- b) Where a non-conforming use has been discontinued for a period of 24 months or longer, the property, building or structure may only be used for a use that conforms with this By-law.

- c) If a building or structure used for a non-conforming use is accidentally destroyed, such building or structure and its non-conforming use may only be re-established or reconstructed for that non-conforming use within 6 months from the date of destruction.
- d) A mobile home, which is not a permitted use in the zone in which it is situated, shall not be replaced or re-established.

3.24.3 Building Permit Issued

The provisions of this By-law shall not apply to prevent the erection or use for a purpose prohibited by this By-law of any building or structure, the plans for which have prior to the date of passing of this By-law been approved by the Building Inspector, so long as the building or structure when erected is used and continued to be used for the purpose for which it was erected and provided the erection of such building or structure is commenced within 2 years after the date of the passing of this By-law and such building or structure is completed within a reasonable time after the construction thereof is commenced.

3.24.4 Strengthening, Repairing or Renovating of Buildings or Structures Used for Non-Conforming Uses

Nothing in this By-law shall prevent the strengthening to a safe condition, the repair or renovation of any building or structure or part of any building or structure which use does not conform with the provisions of this By-law, provided:

- a) Such strengthening, repair or renovation does not increase the size or volume of such building.
- b) The strengthening, repair or renovation does not involve any alteration of use and the building or structure continues to be used for the purpose.

3.24.5 Enlargement, Extension or Replacement of Non-Conforming Uses

The extension, enlargement or replacement of a non-conforming use, or building or structure for a non-conforming use, will require an amendment to the Zoning By-law.

3.24.6 Change of Non-Conforming Uses

Where any land, building or structure on the day that the By-law was passed was lawfully used for a purpose prohibited by the By-law, the Committee of Adjustment may permit, by the authority of Section 34(10) or 45(2) of The Planning Act, as amended from time to time, the use of such land, building or structure for a purpose that, in the opinion of the Committee, is similar to the purpose which it was used for on the day the By-law was passed.

The Committee of Adjustment may, by the authority of Section 34(10) or 45(2) of The Planning Act, as amended from time to time, also permit a use that is more compatible with the uses permitted by the By-law other than the purpose for which it was used on the day the By-law was passed.

The prohibited use must be in place until the date of application to the Committee of Adjustment.

3.24.7 Comply with Other Provisions

All other applicable provisions of this By-law shall be complied with.

3.25 OUTDOOR SOLID FUEL COMBUSTION APPLIANCES

3.25.1 Setbacks

No outdoor solid fuel combustion appliances shall be installed at less than 30 metres from any property line or less than 150 metres from any residence on a separate lot. No outdoor solid fuel combustion appliance shall be installed less than 10 metres from any combustible materials or fuel tanks.

3.25.2 No Incineration of Waste

No outdoor solid fuel combustion appliances shall be used for the incineration of waste.

3.25.3 Approvals

Prior to the installation of any outdoor solid fuel combustion appliance each appliance shall be approved by the Chief Building Official and permit fees shall be as set out in the Township Building By-law. All outdoor solid fuel combustion appliances shall bear a C.S.A. or U.L. approval rating and be installed in accordance with the manufacturer's instructions. Prior to the use of and following installation of any outdoor solid fuel combustion appliance each appliance shall be inspected and approved by the Chief Building Official or his/her designate.

Accessible parking spaces and limited mobility/caregivers only parking spaces shall be designed in accordance with the illustrations included in Appendix 5

3.26.6 Use of Parking Areas and Spaces

Any area where off-street parking is required under this By-law shall be used for no other parking purpose than for the parking of operative passenger vehicles and commercial vehicles used in operations incidental to the permitted uses on the lot, all bearing currently valid license plates. For the purpose of this subsection "commercial motor vehicle" shall mean any commercial vehicles as defined in the Highway Traffic Act, as amended from time to time.

3.26.7 Commercial Motor Vehicles and Tractor Trailers in Residential Zones

- a) No person shall use any lot, building or structure in a Residential Zone for the parking or storage of any commercial motor vehicle unless he/she is the owner or occupant of such lot, building or structure, and provided that said vehicle shall not exceed 4,000 kilograms per axel and provided that not more than one commercial vehicle is stored in accordance with this section.
- b) No person shall use any lot, building or structure in a Residential Zone for the parking or storage of any truck trailer or van body or part thereof.
- c) This provision shall not include commercial motor vehicles or tractor trailers which attend at residential premises for the purposes of delivery and service.

3.26.8 Storage or Parking of Travel Trailers, Motor Homes and Personal Recreational Vehicles

a) OUTDOOR

Up to a total of 3 vehicles (travel trailers, motor homes, boats or personal recreational vehicles) may be parked or stored outdoors provided that these items are owned by the owner or occupant of the subject lands and provided the outdoor parking or storage shall be in:

- a carport
- an interior side yard or rear yard

Up to a total of 3 vehicles (travel trailers, motor homes, boats or personal recreational vehicles) may be parked or stored in an open driveway exclusive of any area covered by a sight triangle on a temporary basis for up to 2 weeks per year.

b) **FULLY ENCLOSED**

This By-law shall not restrict the number of travel trailers, motor homes and personal recreational vehicles that are fully enclosed within a garage.

3.26.9 Occupancy of Travel Trailers and Motor Homes

No person shall, in any zone use any tourist trailer, motor home or travel trailer for the purpose of providing temporary or permanent living or eating accommodation. Sleeping accommodation may be provided in a tourist or travel trailer for a period not exceeding 2 weeks per year. Trailers that are jacked up or with running gear removed are equally subject to this condition.

3.26.10 Parking Area Location on a Lot

- a) No parking lot or required parking area shall be located on a septic tank or tile bed area.
- b) Outdoor parking areas shall be permitted in the required yards or in the area between the street line and the required setback as follows:

ZONE	YARDS IN WHICH REQUIRED PARKING AREA PERMITTED
Residential VR1, LR1 and LR2	Driveway Interior side and rear yard
For all other zones	Parking areas are permitted in all yards. The minimum setbacks for a parking area, other than a driveway, shall be 3 metres from any lot line abutting a residential zone and 1 metre from the street line.

3.26.11 Off-Site Parking

All required parking spaces are to be provided on the same property as the use for which they are provided. Off-site parking for a non-residential use may be located within 150 metres provided that parking is a legal permitted use in that zone and that total parking requirements are met for all uses. All off-site parking areas shall require a site plan agreement.

3.26.12 Access to Parking Area Through Residential Zones

No person shall use any land in a residential zone for motor vehicle access to any parking space or parking area located in any other zone.

3.27 PLANTING STRIP REQUIREMENTS

3.27.1 A Planting Strip shall be provided:

- a) on lands zoned or used for multiple dwellings where they abut lands zoned or used for single detached dwellings or duplex / semi-detached dwellings;
- b) on lands zoned or used for any commercial, highway commercial, agricultural - commercial - industrial, recreational commercial or industrial purpose where the interior or rear lot line abuts lands zoned or used for residential, or open space purposes;
- c) around the perimeter of outside storage areas that may be established in the Industrial Zone, VM1, where such areas are adjacent to a building line or can be viewed from a public street;
- d) on lands upon which a residential use or community facility use is being newly

established by rezoning or plan of subdivision where such lands abut an existing commercial or industrial use, which is not maintaining a planting strip in accordance with Section 3.29.1b) above.

3.27.2 Planting Strip Standards

Planting strips where required by this by-law:

- a) shall have an ultimate width of 1.5 metres and may be included as part of the required yard;
- b) shall be contained within the zone or on the lands for which it is a requirement, and shall run the entire length of the zone or property line(s) separating it from the abutting zone or use which requires the planting strip. The height and location of the planting shall not pose a traffic hazard;
- c) shall consist of a continuous planting of trees or shrubs, and shall be maintained at an ultimate height of not less than 1.5 metres;
- d) shall be planted and maintained by the owner(s) of the land on which the planting strips are required; and;
- e) subject to site plan approval, a fence or wall height may be considered as an alternative to a planting strip. The following shall be considered: location, height, porosity, materials and finishing.

3.28 PROHIBITED USES

All uses, including the following uses, shall be prohibited unless otherwise provided for:

3.28.1 Dangerous Uses

No land, building or structure, unless licensed, is permitted to be used for the storage or manufacture of dangerous products for commercial or industrial purposes.

3.28.2 Derelict Motor Vehicles

No land shall be used for the keeping of derelict motor vehicles except as provided for in the "Salvage Yard" (C4) zone and except that such vehicles may be stored inside a private garage.

3.28.3 Livestock in Settlement Areas

It shall be prohibited to keep livestock in Settlement Areas unless specifically permitted as in Section 3.28.3 a) (Exceptions to Keeping Livestock). The regulations, restrictions and prohibitions of all the other applicable By-laws continue to apply.

a) Exceptions to Keeping Livestock

Notwithstanding Subsection 3.28.3 (Livestock in Settlement Areas) above and any other provision of this By-law to the contrary, any lot containing a dwelling unit may be used for the keeping of 1 horse, provided:

- a) such horse provides the only means of transportation for all the occupants of the dwelling unit;
- b) all manure shall be contained in an enclosed building and manure shall be removed from the property at regular intervals to a suitable location in an Agricultural Zone;
- c) the building or structure in which the horse is kept or in which the manure is enclosed shall be located to the rear of the main building and shall be set back from the interior side and rear lot lines a minimum distance of 15 metres, or the

applicable setbacks of the zone in which the building is situated, whichever is the greater;

- d) in no case should such building or structure be permitted in the front yard or exterior side yard;
- e) the minimum distance separation (MDS II) requirements shall not apply in Settlement Areas; and
- f) all fencing shall comply with the Township Fence By-Law.

3.28.4 Mobile Homes

It shall be prohibited to locate or use a mobile home in any zone except in the General Agriculture Zone (AG1) and Residential Park Zone (LR3) for any purpose unless otherwise permitted by this by-law.

3.28.5 Noxious Uses / Contaminants

No use shall be permitted within the Township which from its nature or the material used therein is, under the Environmental Protection Act, declared to be a noxious trade, business or manufacture.

3.28.6 Pits and Quarries

No land shall be used for pits and quarries, unless the land is within an extractive resources ER1 or ER2 zone, with the exception of wayside pits, portable asphalt plants and portable concrete plants as defined in the Aggregate Resources Act, which may be located in all zones except NE1, NE5 and VR1 zones.

3.28.7 Reptiles or Exotic Animals

It shall be prohibited within all zones to keep reptiles or exotic animals which are by their nature dangerous to human health.

3.28.8 Stinging Insects in Settlement Areas

It shall be prohibited to keep stinging insects in the VR1, VC1, LR1, LR2 and NE1-1 zones.

3.28.9 Motorized Vehicle Racing Track

No land shall be used for the establishment of a track for the racing of any motorized vehicle.

3.28.10 Vending From a Vehicle

No lands, streets or lanes in the Township shall be used for the sale of food, goods or wares from the confines of a motor vehicle or trailer or cart unless the necessary permits have been issued by the Township and the Huron County Health Unit.

3.28.11 Outdoor Solid Fuel Combustion Appliance

Outdoor solid fuel combustion appliances shall not be permitted in the VR1, VC1, LR1, LR2, LR3 and NE1-1 zones

3.28.12 Travel Trailers on Vacant Residential Lots

It is prohibited to use vacant lots in any zone except the RC2 zone for the parking or residential occupancy of travel trailers.

3.29 SETBACK FROM AN ACTIVE OR CLOSED WASTE DISPOSAL SITE, FOR RESIDENTIAL AND/ OR LIVESTOCK BUILDING USES

No new building or structure, used for residential habitable space or livestock purposes shall be erected within 500 metres of the fill area of a Municipal landfill site or a closed landfill site until it has been determined by a qualified professional to the satisfaction of the Township and the Ministry of the Environment, that there will be no adverse off-site impacts. The assessment of impacts shall include the presence of methane/leachate and the potential for noise, odour, dust and litter complaints during operation. If there is a licensed disposal site located in an adjacent municipality, the same setback shall apply to the lands in Ashfield-Colborne-Wawanosh.

3.30 SETBACK FROM EXISTING WIND ENERGY FACILITIES

No new buildings or structures shall be established except in accordance with the following provisions.

3.30.1 Setbacks from Commercial Scale Turbines For Separately Titled Lots

- a) No new dwelling, recreational residence, hotel, motel, nursing home, retirement home, hospital, campground, school or place of worship on a separately titled lot shall be established within 450 metres of a commercial scale wind energy facility or within the distance established in the Ministry of Environment's Certificate of Approval for Noise.
- b) No new building or structure on a separately titled lot shall be established within 1 times the height of an existing commercial scale wind energy facility including the height of any rotor blades.

3.30.2 Setbacks From Commercial Scale Turbines on the Same Lot

No new building or structure on the same lot shall be established within the distance of 1 times the height of a commercial scale wind energy facility including the height of any rotor blades.

3.30.3 Setbacks From Small Scale Wind Turbines for Separately Titled Lots

No new dwelling, recreational residence, hotel, motel, nursing home, retirement home, hospital, campground, school, or place of worship on a separately titled lot shall be established closer to a small scale wind energy facility than 3 times the height, including the blades, of the small scale wind energy facility.

3.31 SETBACKS OF BUILDINGS AND STRUCTURES ALONG MUNICIPAL DRAINS, SINKHOLES AND NATURAL WATERCOURSES

3.31.1

No building or structure shall be erected closer than 7.5 metres from the centerline of a closed municipal drain or from the top-of-bank of a natural watercourse or open municipal drain having a top width of less than 4.5 metres from top-of-bank to top-of-bank;

3.31.2

No building or structure shall be erected closer than 15 metres from the top-of-bank of a natural watercourse or open municipal drain having a width of between 4.5 metres and 7.5 metres from top-of-bank to top-of-bank;

3.31.3

No building or structure shall be erected closer than 15 metres from the top-of-bank of: a sinkhole, a natural watercourse, open watercourse or open municipal drain which is more than 7.5 metres in width from top-of-bank to top-of-bank;

3.31.4

Development on vacant Lakeshore Residential (LR1 and LR2) lots within the 100 year erosion hazard area along the shore of Lake Huron will be controlled with a holding zone (-h). The holding symbol may be lifted when necessary studies are completed and approved in accordance with the requirements of this regulated area under the jurisdiction of the Conservation Authority.

3.31.5

Notwithstanding the provisions of Section 3.31.1. to the contrary, in a VR1, VC1, VM1 or CF zone the minimum setback from a closed municipal drain is 3 metres;

3.31.6

Section 3.31 shall not apply to prohibit, in a Natural Environment Zone (NE1), the structures permitted in such zone.

3.31.7

The top of bank setback from Lake Huron for all new development and reconstruction of existing development shall be established as the 100 year erosion hazard.

3.31.8

For existing lots located below the top-of-bank, the minimum top-of-bank setback does not apply to buildings or structures permitted by this By-Law to be constructed below the top-of-bank.

3.31.9

Notwithstanding the provisions of Section 3.31 to the contrary, a detached accessory building may be erected closer to the top-of-bank than the required setback, provided that such accessory building is no closer to the top-of-bank than the main building and provided that the accessory building complies with all other applicable requirements of this by-law.

3.32 SIGHT TRIANGLES

3.32.1

On a corner lot within the triangular space formed by the street lines and a line drawn from a point in one street line to a point in the other street line, each such point being 7.5 metres measured along the street line from the point of intersection of the street lines, no building, structure, or planting, in excess of 0.75 metres in height which would obstruct the vision of drivers of motor vehicles shall be erected. Such triangular space may hereinafter be called a "sight triangle".

3.32.2

Where the 2 street lines do not intersect at a point, the point of intersection of the street lines shall be deemed to be the intersection of the projection of the street lines or the intersection of the tangents to the street lines.

3.32.3

In addition, where a street line and a railway line intersect, the resulting “sight triangle” shall be, from their point of intersection:

- 7.5 metres in settlement areas
- 30 metres in rural areas
- This provision does not apply to field crops

3.33 STATUS ZONING

Where in this By-law a zone provides for the status zoning of existing lots, the yards and building dimensions established by the structure or site plan agreement shall be deemed to be the required yards and building dimensions for the lot in that status zone.

3.34 TEMPORARY BUILDINGS AND USES FOR CONSTRUCTION SITES

In all zones, the use of land or a building for a construction office, tool shed, or for the storage of scaffolds, equipment and material which is incidental to and necessary for construction work in progress is permitted for so long as the same are necessary for construction which has neither been finished nor abandoned.

3.35 TRUCK OR COACH BODIES

3.35.1

No truck, bus, coach, or streetcar body, railway car or caboose shall be used for temporary or permanent human habitation within the Township, whether or not the same is mounted on wheels.

3.35.2

Truck bodies and similar structures may be used only for storage in an AG1, AG3, AG4, ER1, ER2 or C4 Zone.

3.35.3

Truck bodies and similar structures may only be used for temporary storage in a VM1, Industrial Zone, accessory to a permitted use.

3.36 USE OF EXISTING BUILDING DURING CONSTRUCTION

In all residential and commercial zones the continued use of an existing building on a site during the construction of a building intended to replace such building provided that:

- a) In no case may such existing building remain undemolished on the site for longer than 60 days after the building intended to replace such existing building is ready in whole or in part for occupancy, or 1 year after the date of issue of the building permit for the building intended to replace such existing building, whichever comes first
- b) Safety and emergency access are provided and maintained to the satisfaction of the Chief Building Official and Fire Chief
- c) The minimum parking requirements for use of the existing building continue on the site until the existing building is vacated.

3.37 UTILITY SERVICES FOR THE PUBLIC

3.37.1

The provisions of this By-law shall not apply to prevent the use of any land as a street or to prevent the installation of public services and utilities such as water mains, storm and sanitary sewers, gas distribution mains, railway lines, electrical sub-stations and transmission lines of 230 kv or less, pumping stations, flood and erosion control works, telephone and cable lines, wind energy testing facilities and accessory utility service buildings and structures provided that:

- a) the approval of the Township has been obtained;
- b) approval has been given under The Environmental Assessment Act, R.S.O. 1980, as amended from time to time, as required;
- c) utility service buildings will require a rezoning to a Community Facility (CF) or communication & Utilities (U) Zone, whichever is most restrictive;
- d) any building or structure shall be designed and maintained in general harmony with buildings of the type permitted in the Zone;
- e) any excessive noise or fumes resulting from such utility service shall be mitigated to reduce compliance issues with abutting residences;
- f) electric power facilities which are subject to the provisions of The Environmental Assessment Act, as amended from time to time, are permitted uses in all zones, and are not affected by the provisions of this By-law. Electric power facilities which are not approved under the Environmental Assessment Act are permitted uses in all zones and are subject to the provisions of Subsection 3.37.1 (Utility Services for the Public).
- g) Wind energy testing facilities are required to be set back from any lot line a minimum of one times the height of the structure.

3.38 SMALL SCALE WIND ENERGY FACILITIES

3.38.1 Small Scale Wind Energy Facility Siting Provisions

Small scale wind energy facilities with a maximum collective name plate capacity of 50kW are permitted as an accessory use in VR1, VC1, VM1, CF, LR1, LR2, AG1, AG3 and AG4 zones and special NE1 zones where a residence is a permitted use, subject to the following provisions

- a) Small scale wind energy facilities shall not be permitted in the front yard.
- b) Small scale wind energy facilities shall not be permitted to be mounted to the façade of a building or structure.
- c) Small scale wind energy facilities shall be setback a minimum of 1.2 times the height of the structure, including the height of any rotor blades, from any lot line.
- d) Small scale wind energy facilities shall be sited in such a way to ensure that the turbine is a minimum of 3 times the height of the structure, including the blades, from a point of reception on a separately titled lot.
- e) For the purposes of Section 3.38.1 c) and 3.38.1 d), for determining setbacks, height shall be measured from the highest point of the turbine, including the blades, to the ground, or if the turbine is mounted on top of another structure (i.e. roof of a dwelling), height is measured from the highest point of the turbine, including the blades, to the point where the turbine is attached to the structure.
- f) Where a small scale wind energy facility is required to obtain a Ministry of Environment Certificate of Approval for Noise and the required separation distance, between a wind energy facility and a point of reception, established by a Certificate of Approval for Noise is greater than the setback established in the by-

law, the wind energy facility must be sited in accordance with the Ministry of Environment Certificate of Approval.

- g) The provisions of this by-law shall not apply to wind energy facilities that are subject to a Renewable Energy Approval from the Ministry of the Environment.

3.38.2 Height Limitation

- a) Small scale wind energy facilities shall be subject to the height requirements of the zone in which it is situated.
- b) Notwithstanding Section 3.38.2 a) to the contrary the height limitation provisions of zones in Agricultural areas shall not apply to small scale wind energy facilities permitted in those zones.

3.38.3 Signage on Wind Energy Facilities

No signage is permitted on small scale wind energy facilities in settlement areas.

3.39 WATER EXTRACTION AND COMMERCIAL WATER TAKING

Commercial water-taking operations are prohibited except where approved through an amendment to this zoning by-law.

3.40 SURPLUS FARM RESIDENCE SEVERANCE

Where the County of Huron or its delegate has approved the severance of a surplus farm residence property the appropriate Zone Map in this by-law shall be amended to change the AG1 Zone to AG1-37 for the retained farm parcel and AG4-19 for the severed residential parcel, as applicable. These administrative amendments are permitted from time to time without further public notice or Council approval.

(By-law 66-2014)
