# SHORT-TERM RENTAL

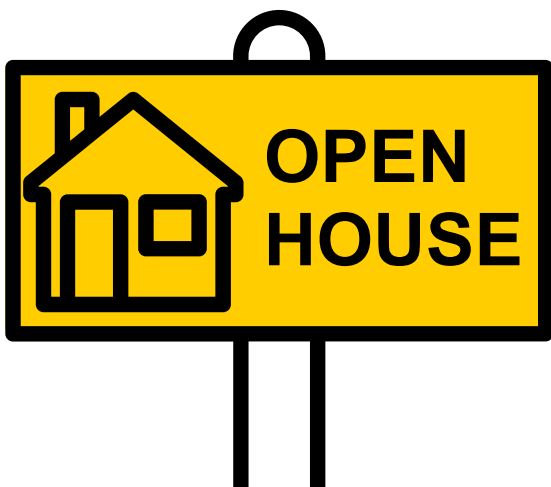

## PROPOSED LICENSING BY-LAW

A new licensing by-law is being proposed to regulate Short-Term Rental accommodations (like Airbnb, VRBO, etc.) in ACW. A "Short-Term Rental" refers to all or part of a legally established dwelling rented for less than 30 consecutive nights. The by-law aims to improve community safety and accountability, protect the character of neighbourhoods, ensure fair use of local infrastructure and services, and support tourism while addressing nuisance concerns.
