

THE CORPORATION OF THE TOWNSHIP OF ASHFIELD-COLBORNE-WAWANOSH

POLICIES & PROCEDURES MANUAL

SECTION: Public Works

POLICY: Roads Grant

COVERAGE: Lakefront Association Unassumed Roads

Policy Statement:

1. The grant is available for unassumed roads that were created by Plan of Subdivision or by Reference Plan regardless of the ownership of the road.
2. The road must be open to the public. There cannot be any “No Trespassing” or “Private Road” signs.
3. There must be a formal lakefront association with an executive, constitution, by-laws and bank account. This information must be provided to the Township Office. The cheques will be payable to the lakefront association, not an individual.
4. The grant can be used by a lakefront association for maintenance of the roads, such as grading, snow plowing, gravel, calcium, grass cutting, drainage, including ditch work and catch basins, road construction, and hard surfacing of the roadways.
5. The intention of the grant is to assist private associations with the maintenance and repairs of unassumed roads and it is understood the Township is not responsible for assuming the road.
6. The allotment is 30% of the total eligible expenses to a maximum of \$800 per kilometre.

Date of Issuance: October 2012

The grant will be paid to the lakefront association upon submission of a form, provided by the Township, with the invoices attached and proof that the invoices have been paid. Only one cheque will be issued to each lakefront association annually. The submission forms must be received no later than November 30th. Any eligible work done in December of a current year will be paid with the grant for the following year.

Date of Issuance: October 2012
