

PRECAUTIONARY BOIL WATER NOTICE

Date: August 2, 2025

To: Benmiller Drinking Water System

Please note: this notice is not the result of detected bacteria in the water, but is only a precautionary measure.

Due to replacement of a water line there will be a loss of pressure. Due to this loss of pressure we are required to issue a precautionary boil water notice.

Please take the following precautions:

BOIL your water at a rolling boil for at least **ONE MINUTE** before using it to:

- ☐ drink
- ☐ gargle, brush your teeth or rinse dentures
- ☐ wash fruits, vegetables or other food
- ☐ make ice, juices, puddings or other mixes
- ☐ make baby food or formula

You may also use bottled water instead of boiled water for the above-mentioned uses. Washing, bathing, showering, laundry, dishwashing can be carried out as usual.

This precautionary Boil Water Notice will be in effect until the water has been sampled and tested as free from bacteria. Results may take several days.

You will be notified when the Boil Water Notice is lifted.
